I do not. Does this include both public and private wells?

Hi Roger,

I do not have that number, but probably can get one to you in the next day or so. I included Andrew as he may know.

Hi Kathy,

Sorry to bother you, but the question came up concerning the total population served by public water supplies currently being treated for PFOA by Chemours in the Washington Works area. I thought you may have this number readily available. Thanks for your help.

Roger
